Product fiche

Delegated Regulation (EU) 812/2013

Supplier name or trademark Model identifier Declared load profile L Water heating energy efficiency class C Water heating energy efficiency Annual electricity consumption Annual fuel consumption Other Information Thermostat temperature settings Sound power level (Indoors) Ferroli 150VE L 2 803 kWh - GJ Other Information Thermostat temperature settings 60 Sound power level (Indoors) 15 dB		
Declared load profile Water heating energy efficiency class C Water heating energy efficiency Annual electricity consumption Annual fuel consumption Other Information Thermostat temperature settings Sound power level (Indoors) L 2 803 kWh - GJ 60 50 15 dB	Supplier name or trademark	Ferroli
Water heating energy efficiency class C Water heating energy efficiency Annual electricity consumption Annual fuel consumption Other Information Thermostat temperature settings Sound power level (Indoors) C 37 % 2 803 kWh - GJ 60 50 15 dB	Model identifier	150VE
Water heating energy efficiency Annual electricity consumption Annual fuel consumption Other Information Thermostat temperature settings Sound power level (Indoors) 37 % 2 803 kWh - GJ 60 15 dB	Declared load profile	L
Annual electricity consumption Annual fuel consumption Other Information Thermostat temperature settings Sound power level (Indoors) 2 803 kWh - GJ 60 15 dB	Water heating energy efficiency class	С
Annual fuel consumption - GJ Other Information Thermostat temperature settings 60 Sound power level (Indoors) 15 dB	Water heating energy efficiency	37 %
Other Information Thermostat temperature settings 60 Sound power level (Indoors) 15 dB	Annual electricity consumption	2 803 kWh
Thermostat temperature settings 60 Sound power level (Indoors) 15 dB	Annual fuel consumption	- GJ
Sound power level (Indoors) 15 dB	Other Information	
	Thermostat temperature settings	60
c in	Sound power level (Indoors)	15 dB
Specific precautions	Specific precautions
