Delegated Regulation (EU) 812/2013

|                                       |  |
|---------------------------------------|--|
| Supplier name or trademark            | <b>Ferrolì</b>   |
| Model identifier                      | <b>TITANO TWIN 80</b>  |
| Declared load profile                 | <b>M</b>   |
| Water heating energy efficiency class | <b>B</b>   |
| Water heating energy efficiency       | <b>39 %</b>  |
| Annual electricity consumption        | <b>1 316 kWh</b>   |
| Annual fuel consumption               | <b>- GJ</b>  |
| <b>Other Information</b>              |  |
| Thermostat temperature settings       | <b>70</b>  |
| Sound power level (Indoors)           | <b>15 dB</b>   |
| Specific precautions                  |  |
| Smart indication                      | <p>The smart function is a software application that learns about the user's consumption, which enables it to minimize heat loss and maximize energy savings. The learning process continues to learn about the user's needs in more detail and changes the temperature every hour to adapt it to the actual demand in order to improve the energy saving. When there is no demand for water, the heater still ensures that there is a reserve supply of hot water available at 45 °C. To ensure that the smart function operates appropriately, do not disconnect the heater from the mains power supply.</p> |
